

## Learning Styles Questionnaire

by Honey & Mumford

This questionnaire is designed to find out your preferred learning style. Over the years you have probably developed learning habits which help you benefit more from some experiences than others. Since you are probably unaware of this, this questionnaire will help you pinpoint your learning preferences, so that you are in a better position to select learning experiences to suit your style.

There is no time limit to this questionnaire. It will probably take 10-15 minutes. The accuracy of the results depend on how honest you can be. There are no right or wrong answers. If you agree more than you disagree with a statement, put a tick by it. If you disagree more than you agree put a cross. Be sure to mark each item either with a tick or a cross.
